The Daylight Store

Sit Down and Think It Over Just a Minute

Do You Thoroughly Understand Our New Plan?

Do you know how much you can really save by co-operating with us in this new way of handling our order business?

Everyone knows that is an enormous expense sending a man around to take orders.

WHO HAS TO PAY FOR IT?

Perhaps the order man, who is a "good fellow," drives half a mile, goes into a house, sits down, talks over the weather, tries to get an order. The housekeeper doesn't really need anything, but finally orders a 10c can of Baking Powder, just to get rid of him. He has to cover the same ground to deliver the order. This same "good fellow" doesn't get through delivering his orders until 7 o'clock or perhaps later.

WHO HAS TO PAY FOR IT?

Is it any wonder prices are higher than they used to be? Now we are going to discontinue this unnecessary expense of soliciting orders and give it to our customers. We have installed ample special telephone lines for those that have 'phones. If you wish, we will call you on the 'phone.

We will provide our customers with a duplicating order blank, which you can write your name and order on and send to the store, or hand to the delivery man, or DROP IT IN OUR LETTER BOX on the door at night. That's open all night.

Orders received up to 9 o'clock will be delivered before noon. Have your orders all ready for the next day, and the order man will take them when he delivers.

We shall continue to give rebate checks as heretofore, also in addition a 5 per cent. discount for all goods delivered over the counter. For example, we are selling 17 pounds of Sugar for \$1.00, if taken over the counter and paid for it will be 95c, and in addition a rebate check will be given on all cash sales.
